# BACK NUMBERS AND BINDING CASES

The present revised and extended form of the Journal dates from January, 1925, onwards. We can supply complete sets of twelve copies for any year from that date onwards, except 1927, at the following rates, postage extra.

| | s. | d. |
|---|---|---|
| 1925–26. Complete set of 12, unbound, with Index ... | 15 | 0 |
| 1928–1930. Complete set of 12, unbound, with Index ... | 12 | 6 |
| 1931. Complete set of 12, unbound, with Index ... ... | 10 | 6 |
| 1925, 1926, 1927, 1928, 1929, 1930, 1931 and 1932 Special Binding Cases ... ... ... ... each | 4 | 0 |

We take this opportunity of drawing attention to the following specially interesting back numbers, which have been in special demand. We are prepared to supply any of these at a uniform rate of 1/- a copy, post free, whilst they last.

| Date | Chief Feature |
|---|---|
| **1925** May | A Survey of the Lighting of 800 Retail Shops (W. Jones and H. Lingard). |
| July | Natural and Artificial Sunlight in Health and Disease (C. W. Saleeby). |
| **1926** April | Stage Lighting (H. Lester-Groom). |
| **1927** January | Flood Lighting (W. J. Jones, H. Lingard and T. Catten). |
| May | Artificial Light as an Aid to Aerial Navigation (H. N. Green). |
| **1928** January | An Investigation of Electric Lighting in the Engineering Industry (J. L. H. Cooper). |
| May | The Manufacture and Properties of Glass and their Application to Illuminating Engineering; Part I (Dr. S. English). |
| June | Daylight, Artificial Light and Artificial Daylight (J. S. Dow). |
| August | Association of Public Lighting Engineers (Conference in Sheffield). |
| **1929** January | The Application of Electric Light to Advertising (H. Lingard). |
| April | Architectural Lighting (Waldo Maitland). |
| June | The Manufacture and Properties of Glass and their Application to Illuminating Engineering; Part II (S. English). |
| October | Association of Public Lighting Engineers (Conference in Bournemouth). |
| **1930** February | The Art of Stage Lighting (Harold Ridge). |
| April | Modern Incandescent Lighting in Kinema Studios (W. A. Villiers). |
| October | Association of Public Lighting Engineers (Conference in Leicester). |
| **1931** March | Recent Developments in Gas Lighting (E. L. Oughton). |
| May | Modern Domestic Lighting (H. T. Young). |
| July | Reports on the Natural and Artificial Lighting of Schools. |
| Oct. and Nov. | The International Illumination Congress. |
